for a distinctive difference in photography

**Your Senior Portrait, important?
You bet!**

For some, it is the ONLY Professional Portrait they will likely have made. For many, it is a time they have looked forward to for years, while others may be wanting to have it behind them. Regardless, the experience of having your portrait made can make a person nervous. I'm determined to make the experience fun & easy. I enjoy working with SR's to show them at their best and try to learn which setting lends to their unique personality.

The consultation is an important meeting for the SR. & parents; lessening anxieties, discussing clothing & possible settings to select. The consultation is highly recommended and included in the session fee. Portraits are easily customized with sessions that can be completed in one appt. or spread over 2 separate days. Add fall sessions later, time & weather permitting.

Save Money! and be photographed in June to receive **50% off** your session fee. Morning appointments in July and August, receive **25% off** if booked on **Tue-Fri before 10 a.m.** Book your session before your school schedule starts & things really get hectic.
